FACILITATING INDEPENDENT LIVING

Time Sensitive Material • Please respond promptly

Interfaith Caregivers' mission is to facilitate independent living by providing supportive volunteer services to people who are 65 plus or have disabilities. Based on the age-old concept of neighbor helping neighbor, Interfaith Caregivers matches clients with volunteers who can assist them. Our services include, transportation, shopping, errands, meals, companionship, respite care, and telephone reassurance.

The person listed on the next page wants to become a volunteer and has requested that you fill out this form and return it to our offices. Thank you for your time.
